GOALS AND OBJECTIVES

BASED ON TRUE
PASSION.
COMMITTED TO
SUPERIOR
QUALITY AND
RESULTS.

MISSION

To become a leader through adding value and providing quality products and services and contribution to social economic development.

OUR VISION

Zizamele Sizwe Projects aims to become a significant player in the construction sectors through quality and innovative initiatives that positively contribute to the South African infrastructure.

OUR VALUES

We are a proudly South African organisation. "Ubuntu" an isiZulu ethical concept emphasising community, sharing and generosity is our guiding principle.

Zizamelesizwe is 100% black owned construction company born in the INK AREA OF ETHEKWINI. Through the owner's entrepreneurial spirit and passion for providing quality goods and services the corporation was founded.

The name Zizamelesizwe is an isiZulu word meaning "Doing it for your self"(loosely translated). The company draws its inspiration from its passion for growing Africa through infrastructure development. Zizamelesizwe possesses the necessary young expertise, innovation and flexibility to grow in South Africa in the area of water and pipe works in the Civil Engineering field.

**WE ARE A CORPORATE
COMPANY THAT AIMS TO
PROVIDE YOU WITH THE
BEST SERVICE.**

OUR SERVICES

COMPANY PROFILE

**CONSTRUCTION
COMPANY**

Always dedicated and
devoted.

PLANT & HIRE

Our Plant fleet has been successfully deployed in various joint venture projects with the following major holders in the construction industry. Our scope of work includes bulk earth works, road construction and site cleaning and levelling.

Over the years Zizamele Sizwe Projects has built a strong and solid relationship with our customers in various organisations such as eThekweni Municipality, Department of Transport and various other Municipalities in the KZN Region.

CIVILS WORKS

Zizamele Sizwe performs all aspects of civil works, which include road building, sewerage, stormwater, concrete works and earthworks.

ROAD BUILDING

We undertake road building work on industrial, commercial and residential projects with a high set standard performed on every project. The diversity of our projects includes a complete range, from highways, road improvements, parking lots to runway construction.

SEWERAGE & STORMWATER

As experts in the installation and design of water and sewerage systems, we will help ensure that water pipes are laid to the correct specifications and are able to manage the groundworks, installation and pressure testing. We also install sewerage pumping mains, rising mains, pump stations and treatment plants.

We provide high-quality stormwater services to ensure a safe stormwater and drainage environment by providing stormwater infrastructure development and maintenance. We have a knowledgeable team of engineers who will ensure that each project goes as smooth as possible. Health and Safety are also very important to Zizamele Sizwe Projects.

COMPANY
WITH INTEGRITY

PIPELINE WORKS (WATER AND SANITATION)

Our multidisciplinary construction capabilities enable us to offer clients in Water, Sanitation and Pipeline sector a one-stop solution to many of their requirements for dam and irrigation schemes and effluent and water treatment plants.

SANITATION SOLUTIONS FACILITATOR

Zizamele Sizwe Projects' experience within Sanitation spans the spectrum of national, regional, municipal and township infrastructure and includes institutional waste-water treatment facilities, water purification works, water storage reservoirs and stormwater.

SPECIAL WORKS AND GENERAL ABLUTION PLUMBING

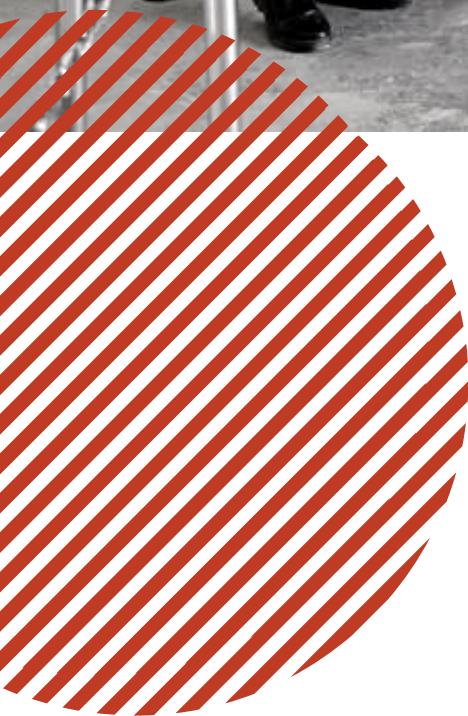

FIBER OPTIC CABLE DUCTING

Our specialised connectivity solutions cover an expansive range of signal transmission and power supply applications, across multiple industries. We are primarily distributors of high performance electrical and optical products for cabling (copper and optical-fibre) technology infrastructure systems across the country.

ABLUTION MODULAR STRUCTURE ERECTION

We are equipped to erect entire prefabricated organizations, schools which consist of facilities ranging from multiple modular classrooms, ablution facilities and offices to libraries and laboratories.
